

2103 True RMS Dual Display with Backlight and PC Interface

- 3 3/4 Digit, 3999 Count
- 42 Segment Analog Bargraph
- 46 ranges and functions
- Auto/manual range selection
- AC voltage (400 mV to 750V)
- DC voltage (400 mV to 1000V)
- AC & DC current (40 μ A to 20A)
- Resistance (400 OHMS to 40M OHMS)
- Frequency (4 kHz to 4 MHz)
- Capacitance (4 μ F to 200 μ F)
- Temperature test (-40°F to 2190°F)
- Inductance (40 MHz to 400 MHz)
- Signal output (1 Hz to 5 kHz)
- Continuity (\leq 40 OHMS)
- Transistor check (hFE)
- Logic test
- dB test
- Auto Polarity
- Data/range / auto hold
- Min/max hold
- Relative mode
- Comparison (Hi, Lo, Pass)
- Memory/Recall—Stores 5 measured values
- RS-232C port
- Low battery indication
- Auto power off
- Powered by 9 volt battery (supplied)
- Designed to comply with IEC 1010-1

P/N 2103

9040 True RMS Digital Multimeter

- 3 3/4 LCD w/max. rdg. of 3999
- True RMS
- 41 segment bargraph
- Autoranging
- 5 DC voltage ranges to 1000V
- 4 AC voltage ranges to 750V
- 6 DC current ranges to 10A
- 6 AC current ranges to 10A
- 6 resistance ranges to 40M OHMS
- Safety shutter on current terminals
- Standby mode to preserve battery life
- Splash proof/dust proof case
- Red rubber boot w/ stand
- Diode test
- Continuity test
- Capacitance test
- Frequency counter
- Automatic reading hold
- Data Hold
- Auto Polarity
- Overload protected

P/N 9040

Fox 2 & Hound 2 Kit

The FOX is a lightweight, compact, battery powered instrument designed to perform a variety of tests on telephone lines. Alligator clips and a modular plug allow the FOX to be quickly connected to stripped wires, a terminal panel, or a standard modular jack (single line). Two selector switches set the function of the FOX, while a LED acts as a visual indicator.

Fox & Hound Kit, Catalog No. 3385-K

Fox & Hound 2 Kit, Catalog No. 3245-Includes:

- Fox 2 deluxe tone generator
- Hound 2 probe inductive tracer
- Carrying case

P/N 3395-K

Fox & Hound Kit

Includes:

- Fox tone generator
- Hound inductive tracer
- Carrying case

P/N 3385-K

Fox & Hound 2 Kit

Includes:

- Fox tone generator
- Hound 2 probe inductive tracer
- Carrying case

P/N 3245-K

NOTE: The Fox & Hound series is not intended for use on powered wires or cables. All wires or cables must be non-powered, non-grounded and non-connected.
