

DM383B Multimeter

The DM383 is an excellent choice for routine electrical checks.

P/N DM383B

Features

- Easy to read large LCD display
- Easy to use. You don't need three hands. Unique boot has built-in probe holder and adjustable tilt stand
- Dependable and safe. You and the meter are protected with surge voltage protection. Designed to UL and IEC safety standards
- Auto polarity
- Continuity beeper
- Data hold
- Diode check function
- Over range indication
- Low battery indicator
- DCV accuracy $\pm 0.5\% \pm 1$ digit
- 5-year limited warranty

DL297T Digital Multimeter

One meter for many applications with 11 measurement functions, including frequency, temperature, volts, AMPS, OHMS, capacitance (DL295), true RMS (DL297T), and continuity.

P/N DL287T

P/N DL295

Features

- True RMS (DL297T)
- LCD display: 3-3/4 digit, 4000 count
- Auto ranging (DL297T)
- Analog bar graph
- High resolution mode
- Water resistant
- Designed to meet UL and IEC safety standards
- DCV accuracy $\pm 0.3\% \pm 1$ digit
- 5-year limited warranty

DL297T Ranges

AC AMPS	400m, 4m, 40m, 400m, 4, 10
AC Volts	4, 40, 400, 750
DC AMPS	400m, 4m, 40m, 400m, 4, 10
DC Volts	400m, 4, 40, 400, 1000
Resistance	400, 4k, 40k, 400k, 4m, 40m
Continuity	<100 Ω
Temperature	-40 to 2498°F/-40 to 1370°C
Frequency	20 kHz, 200 kHz

DMEG2 Portable Megohmmeter

The DMEG2 is a portable, solid state test instrument for routine troubleshooting.

P/N DMEG2

Features

- Battery powered
- No hand cranking
- Smaller initial investment
- 3-year limited warranty

Locate and measure:

- Intermittent shorts
- Defective electrical connections
- Insulation breakdowns
- Conductor failures

Included Accessories

Test Leads ATL135
Battery 1.5V, size AA(8) AB8

Optional Accessories

Hanger Strap AHS2

UTL33 Digital Multimeter

This easy-to-use handheld digital multimeter performs measurements for DC & AC voltage, DC current, resistance, diode, transistor, and continuity. LCD display panel shows 15 mm high digits and has a backlight display option which automatically turns itself off when not in use. Ideal for home, office, or shop.

P/N UTL33

Includes

- Set of test leads
- Operator Instruction Manual
- Holster
- 9 volt battery
